

DocumentReader::_get

```
graph LR; A[DocumentReader::_get] --> B[DocumentReader::fetchDocuments]; B --> B;
```

The diagram illustrates a sequence of operations. It starts with a gray rectangular box on the left containing the text 'DocumentReader::_get'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box on the right, which contains the text 'DocumentReader::fetchDocuments'. Above the white box, a curved blue arrow starts from its top edge and points back to its top edge, indicating a self-loop or a recursive call within the 'fetchDocuments' method.

DocumentReader::fetchDocuments
