

DOMStorageWrapper::get

```
graph LR; A[DOMStorageWrapper::get] --> B[DOMStorageWrapper::prefixedName_];
```

A diagram showing a call from the `DOMStorageWrapper::get` method to the `DOMStorageWrapper::prefixedName_` property. The `DOMStorageWrapper::get` box is shaded gray, and the `DOMStorageWrapper::prefixedName_` box is white. A blue arrow points from the left box to the right box.

DOMStorageWrapper::
prefixedName_
