

DocumentMask::fromObject

```
graph LR; A[DocumentMask::fromObject] --> B[DocumentMask::isEmpty]
```

A diagram showing a relationship between two methods. On the left, a gray rectangular box contains the text 'DocumentMask::fromObject'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'DocumentMask::isEmpty'. Both boxes have a thin black border.

DocumentMask::isEmpty
