

ProxyTracer::startSpan

```
graph LR; A[ProxyTracer::startSpan] --> B[ProxyTracer::_getTracer]
```

A diagram showing a call from the `ProxyTracer::startSpan` method to the `ProxyTracer::_getTracer` method. The `ProxyTracer::startSpan` box is shaded gray, and the `ProxyTracer::_getTracer` box is white. A blue arrow points from the left box to the right box.

ProxyTracer::_getTracer
