

InternalChannel::createInnerCall

```
graph LR; A[InternalChannel::createInnerCall] --> B[InternalChannel::createLoadBalancingCall]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'InternalChannel::createInnerCall'. The right box is gray with a black border and contains the text 'InternalChannel::createLoadBalancingCall' on two lines.
