

Storage::createBucket

```
graph LR; A[Storage::createBucket] --> B[Storage::bucket]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text "Storage::createBucket". A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "Storage::bucket". Both boxes have a thin black border.

Storage::bucket
