

IFileOptions

```
classDiagram
    class IFileOptions {
    }
    class IFileOptions {
    }
    class IFileOptions {
    }
```

The image shows a UML class diagram for the `IFileOptions` interface. It consists of a rectangular box divided into three horizontal compartments. The top compartment contains the text `IFileOptions`. The middle and bottom compartments are currently empty, representing areas for attributes and methods respectively.
