

defineEventAttribute

```
graph LR; A[defineEventAttribute] --> B[defineEventAttributeDescriptor]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is white with a black border and contains the text 'defineEventAttribute'. The right box is gray with a black border and contains the text 'defineEventAttributeDescriptor'. A blue arrow points from the right side of the first box to the left side of the second box.

defineEventAttributeDescriptor
