

EntitiesParser::parse

```
graph LR; A[EntitiesParser::parse] --> B[EntitiesParser::replaceEntities Value]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'EntitiesParser::parse'. The right box is gray with a black border and contains the text 'EntitiesParser::replaceEntities' on the top line and 'Value' on the bottom line.
