

headerFromJWS

```
graph LR; A[headerFromJWS] --> B[safeJsonParse]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'headerFromJWS'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'safeJsonParse'. Both boxes have a thin black border.

safeJsonParse
