

Runtime::constructor

```
graph LR; A[Runtime::constructor] --> B[Runtime::getProjectId]
```

A diagram showing a call from the `Runtime::constructor` method to the `Runtime::getProjectId` method. The `Runtime::constructor` box is white with a black border, and the `Runtime::getProjectId` box is gray with a black border. A blue arrow points from the right side of the first box to the left side of the second box.

Runtime::getProjectId
