

CRC32C::from

```
graph LR; A[CRC32C::from] --> B[CRC32C::fromBuffer]
```

A diagram showing a call to the `CRC32C::from` method. It consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is gray and contains the text `CRC32C::from`. The right box is white and contains the text `CRC32C::fromBuffer`.

CRC32C::fromBuffer
