

OnlineMonitor::constructor

```
graph LR; A[OnlineMonitor::constructor] --> B[EventEmitter::trigger]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text 'OnlineMonitor::constructor'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. This white box contains the text 'EventEmitter::trigger'. Both boxes have a thin black border.

EventEmitter::trigger
