

FlattenedEncrypt::encrypt

```
graph LR; A[FlattenedEncrypt::encrypt] --> B[FlattenedEncrypt::setProtectedHeader];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'FlattenedEncrypt::encrypt'. The right box is gray with a black border and contains the text 'FlattenedEncrypt::setProtectedHeader' on two lines.

FlattenedEncrypt::setProtected
