

node-esm

The diagram shows a directory structure for 'node-esm'. It is represented by a light blue rounded rectangle with a dashed border. Inside this rectangle, at the top, is the text 'node-esm'. Below this text is a solid black rectangular border. Inside this solid border, on the left, is the text 'database-compat'. To the right of 'database-compat' are two smaller blue squares, each with a black border. The first square contains the text 'src' and the second square contains the text 'test'.
